

Dr. F. P. Brockett Dies Of Pneumonia Attack

Long Career as Citizen and Leading Valley Physician Closes Rites Wednesday

Dr. F. P. Brockett, for more than ten years a resident of Palmdale and one of the leading physicians of Antelope Valley, passed away last Sunday afternoon at 4:30, in Dr. Savage's Lancaster hospital.

He was stricken with pneumonia on Friday, December 29, and it was thought for the first few days that he would make recovery. By the first of the coming week his condition was alarming, and despite every remedy of medical science and the best of nursing he grew steadily worse until the end came.

Even though it was known that his condition was serious, and even dangerous, and that the worst might be expected, his passing came as a tremendous shock to the commun-
